DIANA Cabinet Sinks

starts with a lovely sink!

After selecting your sink, add base cabinets

*in your choice of
Youngstown Kitchens colors.*

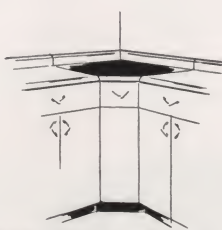

Base cabinet tops are made of long-wearing plastic laminate. Attractive, durable tops stays lovely, resists stains, is always easy to clean. Its high quality guarantees you years of lasting beauty in your kitchen. You have a choice of four beautiful patterns in ten delightful colors. Edge-grain maple cutting-board tops also available.

Single-door. Four widths; 9", 12", 15" and 18", with hinges on right or left. Two roomy compartments plus a big drawer, except the 9-inch cabinet, which has two full-height compartments (to accommodate trays) and sliding towel bar.

Double-door. Six widths; 21", 24", 27", 30", 36" and 42" (Four doors). Two deep compartments for pots and pans. Sturdy shelf for handy storage. The 42-inch cabinet has four drawers, 36-inch cabinet has two drawers; all others have single drawer.

Rotary corner base cabinet. Three shelves turn together on ball bearings. Otherwise hard-to-get-at corner space is made easy to use. Lip in front and shield in back keep articles in place.

With Youngstown Kitchens' wide range of handsome steel base cabinets, you get storage facilities *where* you want them, as well as the *kind* of storage space that suits your particular cooking needs. The four-drawer cabinet comes in four widths; 15", 18", 21" and 27". The top two drawers are deep, lower two are extra deep. All open and close easily on nylon runners, even when fully loaded.

Double-door, 30 inches high. Eight widths; 18", 21", 24", 27", 30", 36", 42" and 48". Three big compartments in each. The 36-inch cabinet comes in two models, one with split shelf (shown) to allow extra height for tall items. Also, in 18-inch height in six widths; 18", 21", 24", 30", 36", 42", and in 15-inch height, 36-inch width.

Four-door, 30 inches high. Width, 54 inches. Put this above a 54-inch cabinet sink and you have virtually a complete kitchen. Recessed area at center allows head room above sink level. Also available with four doors and full-width shelves.

Next, add wall cabinets *in matching or contrasting colors.*

With base cabinets and sink in place, your kitchen begins to reflect *your* tastes and needs. Now, considering your available wall space and storage requirements, it's time to choose just the right wall cabinets. Whichever models you choose, you'll find

that these steel cabinets have been designed to match each other exactly. They'll be perfect mates for your cabinet sink and base cabinets, as well. Every unit has been designed by experts to bring you correct shelf heights, easy-to-reach depths, and the facilities you need at wall level.

Rotary Corner, 30 inches high, measures 25 inches along each wall. Three shelves turn together, putting space to easy use . . . that would otherwise be difficult to reach. **Corner** cabinets with fixed shelves (not shown) available in 18-inch and 30-inch heights. Each model measures 25 inches along each wall.

Single-door, 30 inches high. Two widths, 12 and 15 inches. Your choice of doors hinged on right or left. All Youngstown Kitchens wall cabinets have positive-acting torpedo catches, sound-proofed doors. Easily installed with hanger bars furnished.
